METHOD OF EVALUATION AND USE OF RESULTS OF EVALUATION

- Every year, in May, an evaluation questionnaire is carried out as a testimony of satisfaction with the project and comment on the possible improvement of the elements of the project, as well as an expression of a desire to introduce new elements the following year, on the basis of which the action plan for the next school year is made

Do something good for the Earth and nature
in it, because we haven't inherited it from our
grandfathers and fathers, but we've
borrowed it from our descendants.
